Payback Percentage = 100%

First Spin
Payback Percentage = 90%

Mr. Red “gets back” $9.00 of every $10.00 bet

(loses $1.00 every spin)
Payback Percentage = 90%

Player “gets back” on average $9.00 of every $10.00 bet (sometimes more sometimes less)

(on average loses $1 every spin Sometimes more sometimes less)
Payback Percentage = 90%

All players are pooled together. If you calculate the average of all players and all their spins, the average they will get back is $9.00 on a $10.00 bet. The casino makes on average $1.00 per spin.
Payback Percentage = 95%

Woohoo!
